I am a **Technical Team Leader** with **Game Dev** experience of **8 years** specialising in Code Design and majorly focussed on Scalability and Modularity. Versatile, Organizational, Problem Solving and my Array of experience gives me an edge in understanding the broader picture of any project. I have excellent Communication Skills and I thrive on taking responsibility within a team environment with a desire to lead people to reach a common goal. I strongly believe that Harmony between teams bring out the best of any Product Development Life Cycle and I feel I have the ability to be the "Harmonizer".
